Marco's Portfolio / Assets

EDUCATION

Bachelor of Design (Digital Media)

2024 - present
RMIT University
Melbourne (city campus), Australia
UX/Product +3DDesign/Modeling Specialization

Apple Foundation Program @ RMIT

Jun2025 - Jul2025
Computer Programming, Research & Design
Melbourne (city campus), Australia
Swift (Programming Language) · Xcode · User Interface Design (UI) · User Experience Design (UX) · 3D modelling · Figma (Software) · Team Collaboration · Prototyping · Apple Software

Trinity College Foundation Studies - University of Melbourne

2023 - 2024
JulyFast Trackprogram
Melbourne (Parkville campus), Australia
Media& Communications · Economics

SMAK BPK Penabur Gading Serpong

2020 - 2023
HighSchoolEducation - Science
Tangerang, Indonesia

HARD SKILLS

- 3D Modelling (Blender + Autodesk Maya + AutoCAD)
- UI/UX Design (Figma + Canva)
- Game Devt. (Unity + Unreal Engine 5)
- Video Editing (Adobe Premiere Pro + Inshot + CapCut)
- Visual Programming (TouchDesigner)
- iOS Apps Devt. (Swift)
- FrontEnd (HTML, CSS, & Js.)
- Marketing (Content Creation + Sales)

SOFT SKILLS

- Adaptability with new tech
- Wireframing/Prototyping
- Communication
- Teamwork Time management Efficiency

LANGUAGES

- English (Professional Proficiency)
- Indonesian (Native)

EXPERIENCE

Field Technician & 3D Modelling Intern

Aug2025 - March2026
3D PAWS STUDIO

- Processed scan data through 3D modelling and sculpting workflows for 3D printing.
- Assisted on-site as a field hardware technician operating a 105-camera 3D scanning rig.
- Supported sales and customer engagement during exhibitions.
- Managed the company's Instagram, including content creation, video editing, and customer relations.

3D Character Artist / Modeller (Freelance)

Aug2025 - Nov2025
TOTAL GAME DEVELOPMENT

- Designed and produced multiple main characters from concept to implementation.
- Utilised Blender and Autodesk Maya to sculpt, model, and optimise characters.
- Developed full rigging systems and prepared characters for animation.
- Integrated characters into Unreal Engine, ensuring functionality and interactivity with gameplay experience.

Marketing Communications & Design Intern

Jan2025 - Mar2025
PT SUPERMAL KARAWACI

- In-house 3D and Graphics Designer within the Marketing Communications department.
- Created 3D character mascots for multiple events.
- Designed 3D assets for posters and billboards.
- Developed 3D concepts and mockups for physical signages.
- Assisted with event coordination and content creation as both crew member and talent.
